Treasure Island Maxine Hall Health Center Nurse Clinic

Our mission is to protect & promote the health of all San Franciscans through comprehensive health care services. We are dedicated to provide culturally competent, multidisciplinary health services that are geographically accessible to residents of the Treasure Island community, with a focus on low income and underserved populations.

What's a nurse intervention clinic?

An outpatient clinic run by registered nurses who can provide education, psychological support, monitor conditions and perform treatments for common conditions.

Fees and schedule

Free for all Treasure Island residents, regardless of insurance. No co-pay necessary. No appointment needed.

Tuesday: 4-7 PM
Friday: 4-7 PM

Located in the entrance of the YMCA gym.

Patient Education

- Health coaching services available on site
- Healthy eating, exercise, stop smoking, stress management
- Referrals to specific groups or services
- Nutritionist referral
- Pharmacy referral
- Medication education
- Diabetes management education
- High blood pressure education
- Behavioral health referrals

The clinic is open twice a week for ALL Island residents. Stop by, ask questions and get treatment for common conditions. We welcome suggestions for other services for you and your loved ones.

Treasure Island Family Team Staff

Maria Abarca, RN
English, Spanish
Bio: Maria graduated from CCSF and was born and raised in San Francisco. She is married and has three children. She enjoys nature walks and watching her kids play soccer games.

Maria Beza, MSN, RN
